The **14th Annual Wildbird Recovery Fall Migration Festival** will be held on **Sunday, September 21, 2025**. This is a great opportunity for ALL AGES to spend time outdoors, enjoy delicious food, and learn about different aspects of our local wildlife at Stormy Oaks Nature Conservancy. Guests can learn about research with migratory songbird banding in Southwestern Pennsylvania as well as breeding bird monitoring efforts in the Laurel Highlands from our keynote speaker, Nick Liadis. Mr. Liadis is an avian conservation biologist and architect based in Pittsburgh, Pennsylvania. We will also have educational exhibits and up-close encounters with animal ambassadors! We welcome you to experience a unique fundraising event that benefits our efforts with birds and education in Western Pennsylvania.

To make it happen, we need your help! Wildbird Recovery needs event sponsors, silent auction items, business gift certificates, and/or raffle basket donations. Every donation makes a direct impact on our efforts! We value your partnership, and to show our appreciation, your business will be listed in our newsletter, on our website WILDBIRDRECOVERY.org, for one year, on our Facebook page, and recognition on event day signage.

A non-profit organization that relies solely on donations, Wildbird Recovery is the only licensed wildlife rehabilitation center in Butler County, Pennsylvania. We help hundreds of injured songbirds and birds of prey every year from all over Western Pennsylvania, with treatments costing an average of \$50 - \$150 depending on the species, medical needs, and length of care for each bird that is admitted. Your generous donation will allow us to provide continued assistance to the patients in our care. You play a vital role in Wildbird Recovery's mission, and your support will ensure our fundraiser is successful!

Sincerely yours,

Melissa McMaster-Brown
